

# Kid Village

*Nurturing Little Minds...*

## **PROSPECTUS**

**Session: 2022-2023**

**Call: 84539-25072, 84539-25206**

## About us:

A school with a true heart and soul. Our programs incorporate dynamic classroom instruction with caring, qualified teachers and enriching indoor and outdoor play experiences. We know that these first experiences within a school setting will have a long-lasting impact on children's future learning.

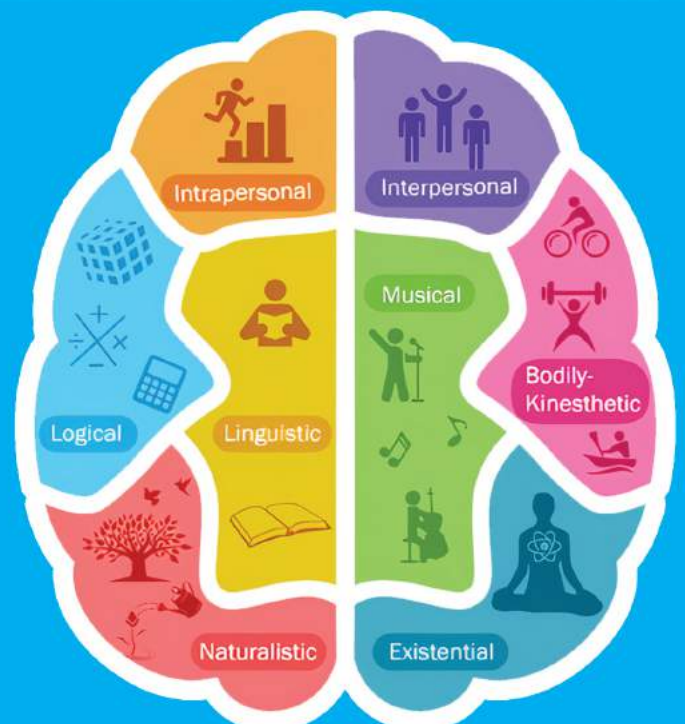

## Mission & Vision:

The primary sketch of our mission & vision is drawn with the following outlines:

- Creating a second home for children through Pre-Schools, where they are nurtured with affection, care, responsibility and happiness.
- Developing a comprehensive learning environment for every child.
- Imparting thorough knowledge to parents, about the total development of their children.
- Educating and evolving all stakeholders associated with early-childhood education.
- Contributing to the larger vision of crafting a better and brighter future.

## Methodology:

Each child is unique and processes information about the world using different senses. Some are auditory learners; some are visual and so on. Hence the teaching methodology implemented in the preschool needs to cater to all learning styles. Based on the theory of Lev Vygotsky, Erik Erikson, Howard Gardener, the teaching methodology of Kid Village has been created.

## Admission Procedure

### Documents Required:

- Passport photos (5) and stamp size photos (5) of the children.
- Passport photos (3 each) of both parents and authorized pick up person(s)
- Copy of the child's vaccination history/card
- Copy of id/address proof of the parent
- Copy of Covid-19 vaccine card of parents.
